5557 / Large square lifting bag for scaffolding

COLOR:

Large square lifting bag originally designed and produced to fit and transport large scaffolding.

- **Dimensions (open):** 240 x 100 x 55 cm (L x W x H)
- **Dimensions (closed):** 240 x 100 x 55 cm (L x W x H)
- **Lifting height:** 140 cm
- **Material (main):** 0.75 mm tarpaulin
- The lid of the bag is closed through velcro.
- A hard and sturdy plywood plate is placed inside the bottom of the bag for stability and optimal weight distribution.
- The bag has tube handles mounted in each end to ease handling. The tubes gives a nice grip and protects the handles.
- This model uses two lifting slings.
- The lifting slings are made from high quality 50 mm polyester webbing.
- A hard plastic cover is attached to the bottom of the bag to keep it in shape and extend the lifespan.

This model complies to the relevant parts of the following standards:

- EN 1492-1
